11:00 (No Activities)

2. The **Subacute Functional Admission Assessment Powerform** opens. Complete the form by free text into each of the boxes. **REMEMBER:** This refers to the patient's condition as he/she arrives in Subacute.
3. Enter information relevant to the headings into each of the boxes. Then click on the **green tick** to verify the information so it is visible in the patient's record.
4. When you return to **Care Compass** to review the **Activities** list you will see the **Subacute Functional Admission Assessment** has been removed from the activity page.
