

## EMR Quick Reference Guide

### Documentation - Add Resuscitation Status

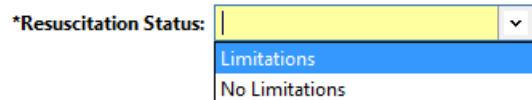

1. Click on **“Orders + Add”** in the Table of Contents (TOC).

2. Type **“Resus”** in the Search Box and choose **Resuscitation Plan** from the dropdown

3. In the mandatory field choose **Limitations** or **No Limitations**.

4. Add further details in the **“Special Instructions”** box if required.

5. Click **Sign** and **enter password**

6. Click on **Refresh**

7. Resuscitation status changes to “ordered”. The **Banner Bar** status updates to reflect the resuscitation plan. Any “special instructions” will also be visible in the **Banner Bar**.

8. **The paper Acute Resuscitation Plan still needs to be completed.**
