

## EMR Quick Reference Guide

### Medications - Warfarin - Discontinuing a Warfarin Order

1. Click on **Orders**
2. Highlight the warfarin order AND warfarin dose check order (SHIFT+Select)
3. Right-click on the highlighted orders and select **Cancel/DC** (discontinue)

4. Select a **Discontinue Reason** (mandatory field) for each order

Cancelled/DC medications will remain on the medication list and will be visibly struck out.  
Same

5. Click **Orders For Signature**, then click **Sign**

6. Type password and click **OK**

7. Check the **MAR** to confirm the orders have been discontinued.

\*\*Also check and ensure that there are no overdue order tiles for the cancelled order. **If red overdue tile present - right click the red tile and select 'Chart Not Done'**\*\*
