

EMR Quick Reference Guide

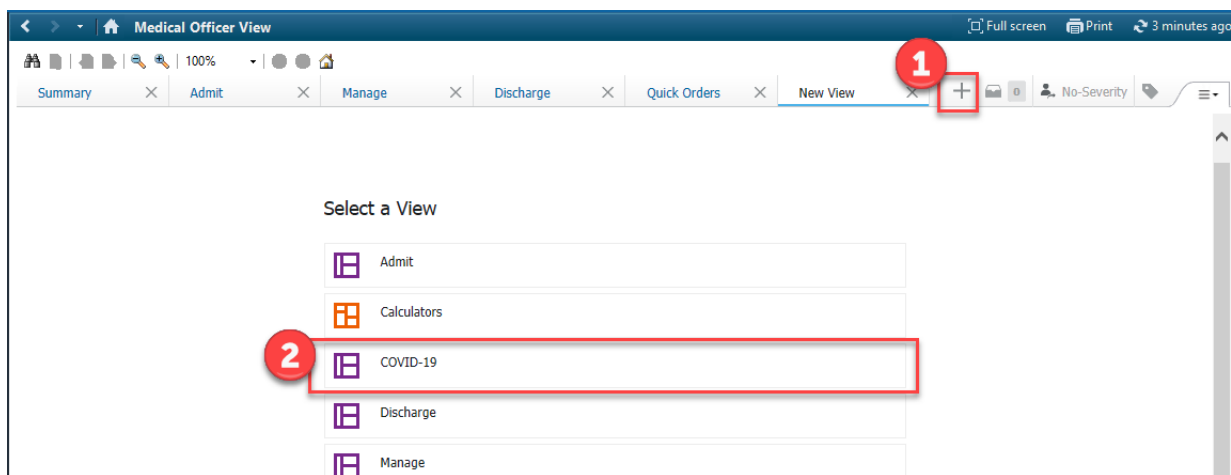

COVID-19 Daily Ward Round

1. Complete a COVID-19 Daily Ward Round Powerform
2. Then create a COVID-19 Daily WR Progress note

I. Navigate to **Medical Officer View**

II. Select the '+' tab and then select 'COVID-19'

Once this step is performed, you will not need to repeat this for all other patients

III. Open 'COVID-19 Daily Ward Round' from the list of Powerforms relating to COVID-19

Complete the form as applicable

- Note some information will auto-populate based on previous COVID-19 Powerforms that may have been used for this patient (e.g. Infection Screening Tool, Admission)
- Changing the data will not supersede or overwrite previously submitted old information

2 Select the green tick to submit the form

1 Complete all fields as applicable
