

## EMR Quick Reference Guide

### Referrals - Inpatient Medical Consults and Allied Health Referrals

**\*You must discuss all referrals with the consulting team as per current practice. Do not assume that just because you have placed an electronic request that your patient will be seen!\***

1. Go to  on the Table of Contents and click +Add.

2. Search for "Consult to Medical Specialty".

3. Complete all the yellow mandatory fields.

4. Click sign and enter password.

5. This request has now been sent to the consulting unit's Task Manager.

**\*Outpatient referrals will still be made via BOSSnet.\***

## Inpatient referrals to allied health, specialist nurses etc

1. Go to  on the Table of Contents and click +Add.

2. Search for e.g. OT Referral.

3. Complete all the yellow mandatory fields. Click sign and enter password.

4. The order will now show as “processing” under the referrals section on the Orders page – refreshing the page will change the status to “ordered”.

5. The referral will now be visible to the service.
