

## EMR Quick Reference Guide

### Access and Set Up - Setting up Allied Health Student Profiles

1. The landing page for Allied Health Students, just like Allied Health Clinicians is the **Multipatient Tasklist**. The MPTL will have 3 tabs, Referrals, Review and Other
2. On the Referral Tab Select **Options** from the Toolbar and then **Task Display**

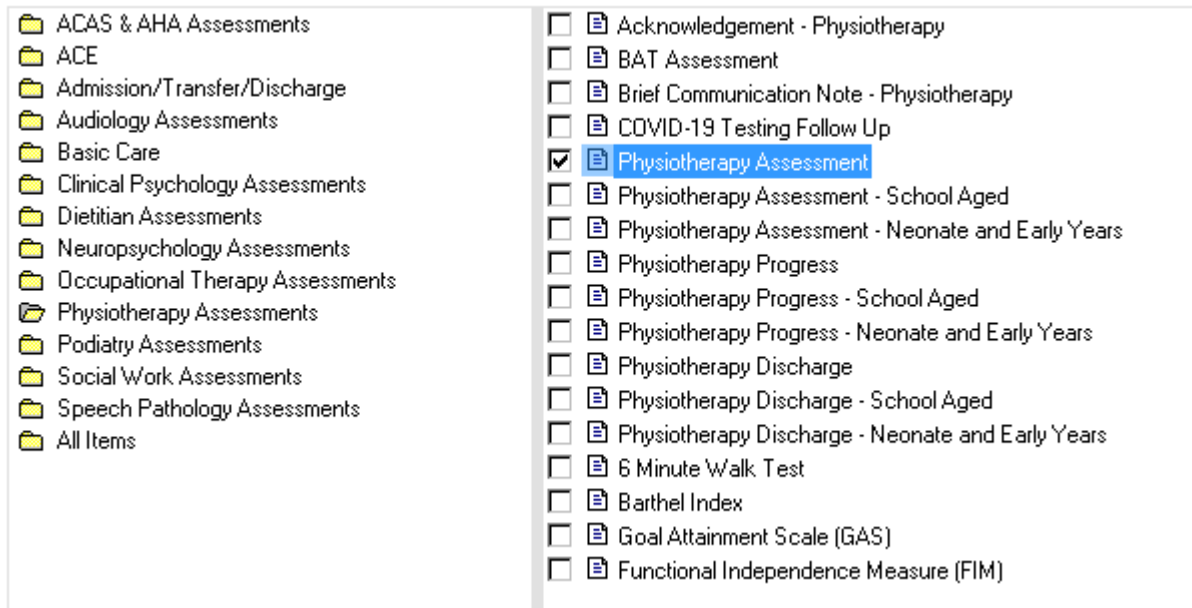

3. From the **Task Types**, Select Your discipline referrals. This will display in the chosen task type.
4. Select **Save** then **OK**

5. Repeat steps 2-4 For the review tab, selecting the disciplines **Review Orders**

6. If the student is involved in a Multidisciplinary round like the Bariatric Assessment Team, select this referral and review order in the **Other** tab

7. To document in the patient chart, select . All Discipline powerforms will display in Discipline specific folders

The screenshot shows a software interface with two columns. The left column contains a list of folders, and the right column contains a list of powerforms. The 'Physiotherapy Assessment' powerform is selected with a checkmark.
