Quick Reference Guide

## This Quick Reference Guide will explain how to: EMR Ordering - COVID-19 Testing

- This is an order set created for testing any person who meets criteria or has reason for suspicion of COVID-19.
- Always refer to <https://coronavirus.wh.org.au/quick-reference-guides/> for the latest updates.

## Ordering COVID-19 Test

1. Select +Add next to Orders and Referrals found in the Table of Contents
2. Search “COVID-19” and select the ‘COVID-19 Coronavirus Initial Testing’ order set

3. Select the appropriate investigations from the order set

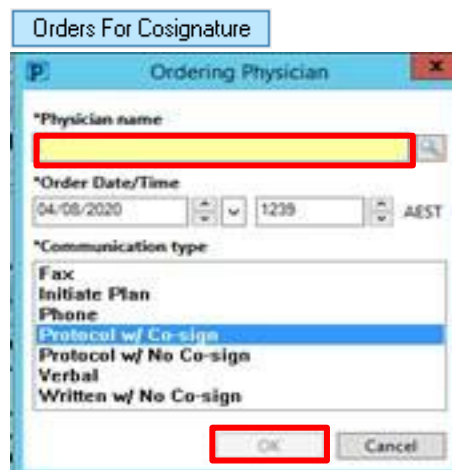

4. Select ‘Orders for Signature’ and Sign the order

5. For RUSON/CAs:  
Select ‘Orders for Cosignature’

Select “Tramontana, Adrian” as the Physician name and “Protocol w/Co-sign” and click OK

6. Complete the associated Powerform for your patient
7. Click the tick icon in the top left corner to submit information

8. Fill in the mandatory clinical history fields and click 'ok' and Sign

\*When highlighting multiple specimens to complete mandatory fields (e.g., Clinician Call-back Number), refrain from modifying the Specimen Type, as this change will affect all orders!

**NOTE:** The Sputum sample is to be collected in a yellow top container
