Quick Reference Guide

This Quick Reference Guide will explain how to:

Configure resources on the CDU Scheduled worklist. The CDU Scheduled worklist is a worklist that provides a list view of patients that are scheduled to arrive into particular resources (i.e. chairs) a given day. In order to ascertain an accurate list of patients arriving, all resources for a particular unit must be added before use of the CDU Scheduled Worklist can be used. This configuration is only required once.

1. Navigate to the CDU Scheduled Worklist from the Menu Bar in Powerchart

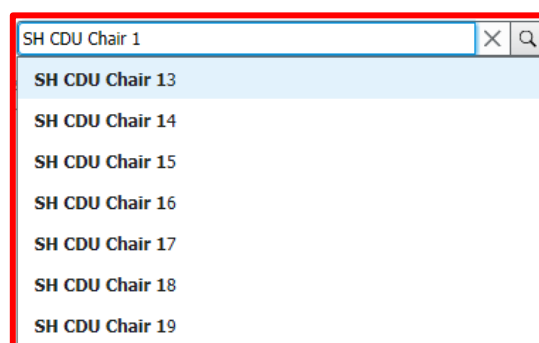

2. Select the Modify Resources button

3. Add the list of relevant resources for all areas by typing in the resource name (See an entire list of Resources in Appendix A)

Handy Hint – Type Full Resource Name

You may need to type the full resource name for the resource to appear in the dropdown list

4. The patients that are scheduled into that resource will now appear

Patient	Appointment Time	Encounter Type	Reason for Visit	Re-bleed Required?	Patient Called?	Pending Bloods?	Confirmed for Treatment?	Notes
BUNDLE4, PATIENTTW... 31... F DOB: 15 DEC 1990	14:00	SH CDU Chair 13						

Appendix A – List of Resources

Resource Name	Notes	Area / Physical Location	
SH CDU Chair 13		S 1E CDU
