Quick Reference Guide

This Quick Reference Guide will explain how to:

Use Power BI to display patient lists

View patient lists using Power BI

1. Navigate to the Power BI patient list dashboard using one of the following:

   a. Visit the [Power BI dashboard](#) (or enter URL: tinyurl.com/WHPatientlists)

   b. Scan the QR code below

2. Select the relevant "Campus" and "Unit"

Campus 5	Unit 70	Ward 81	Doctor 200
All ⌄	All ⌄	All ⌄	All ⌄

3. The unit's patient list will now display.

> ❗ **Important**
> Pay special attention to patients in "Emergency" as these patients will not display on EMR patient lists filtered by Medical Service.

> 💡 **Handy Hints**
> The PowerBI patient list dashboard can be viewed on a mobile device. However, it is recommended to use the "Microsoft Power BI" application.
