Quick Reference Guide

This Quick Reference Guide will explain how to:

Order and document administration of Nitrous Oxide in Emergency Department (ED) Paediatric space.

Ordering Nitrous Oxide

1. From **Orders and Referrals** page, select **+Add**
2. Search for **Nitrous Oxide** from the Search field
3. Select the desired order, complete all required field (if any) and click **Sign**
4. Check the Medication Administration Record (MAR)

Documenting Nitrous Oxide Administration

Important – All Nitrous Oxide administration is to be documented from Interactive View. Do not action administration from the Medication Administration Wizard.

1. Review Nitrous Oxide order from the MAR and note that documentation is completed from Interactive View (iView)

2. Navigate to **Interactive View and Fluid Balance** page
3. Select **ED Paeds Quick View** band and the **Nitrous Oxide** section

4. Document Nitrous Oxide administration from the **Nitrous Oxide** section
5. Click the green tick  to sign off your documentation
