

# **PowerChart - ED Bed Management Tracking Board – Inpatient**

#### **Digital Health Quick Reference Guide**

## This Quick Reference Guide will explain how to:

To access and view the Emergency Department Tracking Boards while logged into the EMR (PowerChart).

#### **Overview**

The Tracking Board is a central list displaying the patients within the Emergency Department. There is a Tracking Board for each ED campus. The columns display relevant patient information and bed request/ward allocation details.

#### 1. Log into PowerChart and navigate to the Tracking Board icon

2. Select the relevant site (SH/FH/WTN) 'ED Bed Management' Tracking Board. The board will open and display ED patients.

 Clicking on column heading on the tracking board will group patients together. For example, clicking on 'Bed Request Specialty' will group all patients with that particular bed card. The same applies for assigned ward etc.

- 5. The Bed Manager will update when the ED is ready to admit the patient and when the Ward is ready to receive the patient. This is updated using the green dots on the tracking board.
- 6. To access a patient chart, locate the patient on tracking board and double click on the blue arrow. The chart will open.
