

Tracking Board – Understanding Patient Details/Columns

This Quick Reference Guide will explain how to:

Effectively use the Tracking Boards in the Cerner Millennium system

Definitions:

Tracking Board – Enables staff to see all of the patients in every area of care and understand those providing care, what care is required and what stage of their visit a patient is at

Understanding Patient Details/Columns

1. Column headings will be displayed if not completely visible can adjust the width of the columns or hover over the heading for more information
2. Columns will display information based on the column heading e.g. Patient Name, UR number
3. Nursing Activities will drop to columns like TO DO and ACTIVITIES
