EMR  
Phase 2.1  
Go-Live

# NURSING & MIDWIFERY TOP 10

## An introduction to EMR Phase 2.1

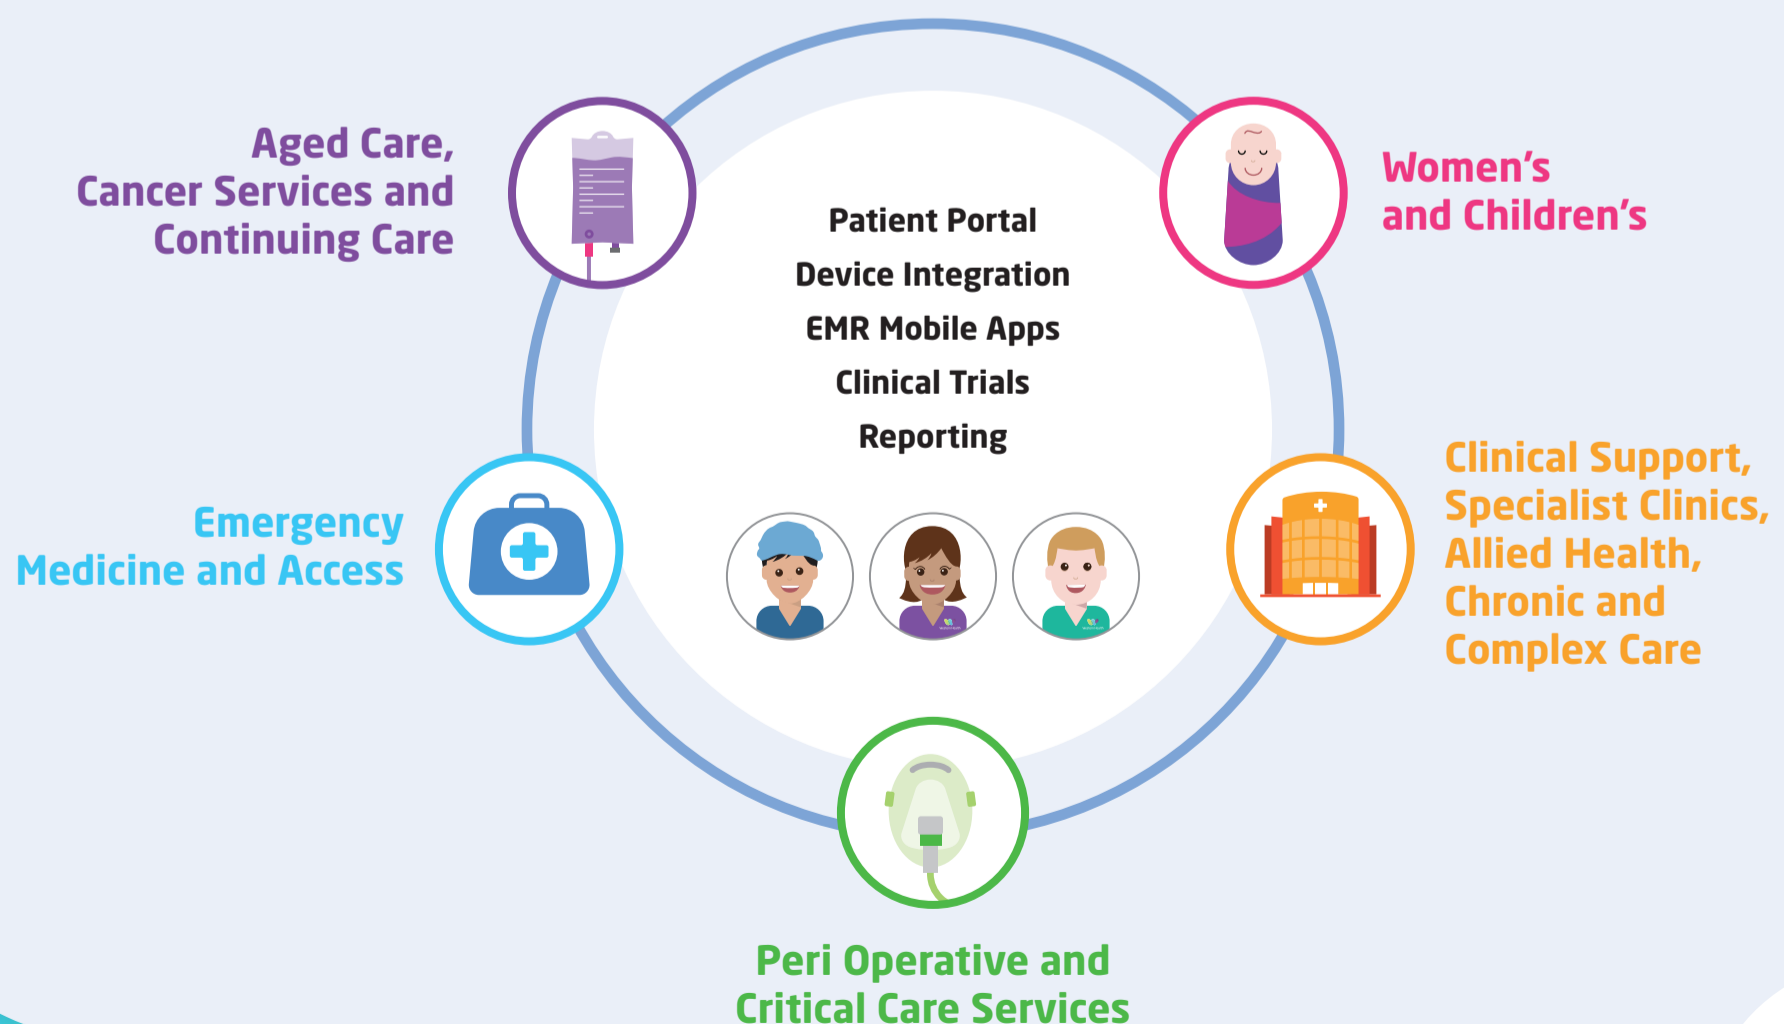

**Training**  
April - July 2023

**Go - Live**  
July 2023

### EMR Phase 2.1 aims to:

- Support seamless, safe and effective care for all Western Health patients
- Extend EMR Phase 1 benefits, reducing the need to swap between electronic systems or between electronic and paper processes
- Enhance information sharing between clinical departments and teams
- Open up the use of data for research and clinical care improvements
- Increase patient involvement in their care through use of the Patient Portal
- Provide the foundation for innovation

The Digital Health information site contains further detail on the above, plus EMR Phase 2.1 resources, news and updates - [digitalhealth.wh.org.au](https://digitalhealth.wh.org.au)
