

# Cancer Services – Document reactions to cancer therapies, and CTCAE

## This Quick Reference Guide will explain how to:

- Add an allergy or sensitivity reaction to cancer therapies
- Document Common Terminology Criteria for Adverse Events (CTCAE)

## Document Allergies/Sensitivities

1. Navigate to 'Oncology/Haematology View' from the Table of Contents menu.
2. Navigate to **ONC/HAEM Workflow** mPage > **Allergies** from the mPage navigation menu
3. In the **Add allergy** search bar, type and select the medication.
4. In the slide-out window, complete the following fields:
  - Severity
  - Category
  - Reactions: (e.g. Infusion reaction)
  - Status: **Active**
  - Reaction Type: **change from Allergy to Sensitivity**
  - Onset Date: select the current date
  - Comments: enter comments regarding re-challenge (e.g. run at a slower rate)
5. Click **Save**.
6. Allergy alert (Medication Clinical Decision Support (mCDS) window appears regarding the drug sensitivity. Select an override reason. E.g. Treatment plan requirement.
7. Click **Continue**.

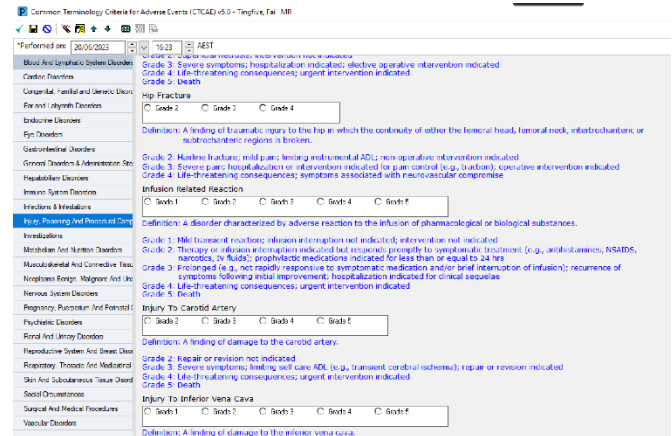

The screenshot shows the 'Oncology/Haematology View' interface. The 'Allergies (0)' section is highlighted with a red box. A modal window is open for adding a reaction to 'rituximab'. The form fields are as follows:

- Save** **Cancel**
- rituximab  
Multum Drug
- \* Severity: Select
- \* Category: Drug
- \* Reactions: Add reaction
- \* Status: Active
- \* Reaction Type: Allergy
- Source: Select
- Onset Date: At/On Date (dd/mm/yyyy)
- Comments: [Text area]

## Document Common Terminology Criteria for Adverse Events (CTCAE)

1. Navigate to **Performance Status & Toxicities (CTCAE)** from the mPage navigation menu
2. Click the **+** symbol.
3. Select **Common Terminology Criteria for Adverse Events (CTCAE) v5.0**.
4. From the left-hand side navigation panel, navigate to the appropriate section.  
E.g. Injury, Poisoning and Procedural Complications tab.
5. Navigate to the relevant section (in alphabetical order), and the appropriate grade  
E.g. Infusion Related Reaction
6. Click **Sign Form**  in the top left-hand corner.
7. Click **Refresh**.

### In addition to documenting in Allergies and CTCAE

- Consider also completing a CDU Communication Powerform.  
E.g., Document re-challenge instructions, or add additional premedications.
- Consider also completing a Progress Note that records your review of the patient.
