Go-Live

MEDICAL OFFICER KEY MESSAGES

New observation charts coming to EMR

Following the EMR Phase 2.1 Go-Live, new **Observation Charts** will be available in the EMR for Paediatric, Post-Anaesthetic Care Unit, ICU and NICU patients

Staff in these areas will be able to view patient observations throughout the patient's hospital journey, all within the EMR

To find out more about EMR Phase 2.1, please visit the Digital Health information site
