

Medication Administration - Unchart in the MAR

Medication Administration – Unchart in the MAR

1. Navigate to the MAR in the Table of Contents
2. Right-click on the specific dose that you want to Unchart.

Note: this refers to the specific dose as indicated in red and not the order.

Select Unchart from the drop-down menu.

3. Enter a mandatory reason for uncharting the medication in the Unchart window and select the green tick to finalise.

4. Check the MAR to ensure medication administration was correctly uncharted

MAR
