6. Complete Handover Communication with Ward Nurse located in Passport to Surgery segment in iView.

Important – When Checking – In a surgical encounter, it's imperative the surgical encounter is associated to the correct inpatient encounter. Once done it cannot be undone & requires a full cancellation +/- rescheduling of the procedure.

- Inpatient encounter will not have a discharge date •
- Note the Arrive Date

Γ	街 Encounter Selection					
	FIN NBR	Enc Type	Disch Date	Arrive Date		
	WHIP3000445	Inpatient		05/04/2023 - 9:00 AM		
	WHOP3000445	Outpatient	03/04/2023 - 11:59 PM	03/04/2023 - 9:00 AM		

Handy Hint - The Holding Bay Tracking Board status will indicate when DPU patient is admitted, ready for theatre and can be called for. OT 01 (5 cases) Crowe, R 42 years / FHMOT-27 WHS300406 ady for Th 15:09
