Pharmacy – Pharmacy Clinical Intervention (Medical Officer Use)

Digital Health Quick Reference Guide

Key messages:

Pharmacy Clinical Interventions are tasks that have been sent from the ward pharmacist to a medical unit. They will appear in the Task Manager.

1. Navigate to Activities and Interventions from the Table of Contents.

Activities and Interventions

 Click on the Rx Interventions tab to view the task.

S	Schedu	uled Patie	ent Care R	x Interventions		
Т	Fask re	etrieval co	ompleted			
		Priority	Task Status	Scheduled Date and Time	Task Description	Order Details
	R.		InProcess	2/14/2019 14:24	Pharmacist Clinical Intervention	See Pharmacist Clinica Refer to Rx Interventi

- Double click the task and the Pharmacy Clinical Intervention window will open with details of the requested medication review.
- Navigate to Orders and Referrals to make any modifications in response to the intervention as necessary.
- Return to the Pharmacy Clinical Intervention window, choose a response from the mandatory yellow box, and click the green tick in the top left corner.
