Quick Reference Guide

This Quick Reference Guide will explain how to:

Document patient valuable and belongings and view documentation.

1. Document the patient **Valuables and Belongings** in Interactive View (iView).

Interactive View and Fluid Balance

Note: Valuables and Belongings documentation will be tasked to the nurse during admission.

In ED this is via **'LaunchPoint Nursing activities'**.

Inpatient this is via **'Care Compass'**

2. Valuable and Belonging section is located in the relevant **'Quick View'** band. If the patient has any valuables and belongings select 'Yes'. This will open additional charting to be completed.

Handy Hint

- Blue text in iView indicates that you can click out to view more information. This is called 'reference text'
- A patient that has been admitted from ED will have Valuables and Belongings already documented and the receiving inpatient nurse will see the ED documentation in iView.
