Maternity - Adding a Pregnancy

Digital Health Quick Reference Guide

This Quick Reference Guide will explain how to:

Add a Pregnancy in PowerChart Maternity to allow to documentation throughout the pregnancy and birth

Important:

- 'Adding a Pregnancy' accurately is very important as the Onset Date is the date used for the system to pull all relevant results into the current pregnancy episode.
- 'Opening' and 'Closing the Pregnancy' is vital in providing data to the Ministry of Health and other mandatory reporting platforms
