Quick Reference Guide

This Quick Reference Guide will explain how to:

- Complete nursing handover using the EMR
- Document that handover has been completed

1 - Nurse View - Inpatient summary page

Use banner bar to check 3 points of patient ID – full name, DOB and UR against patient band

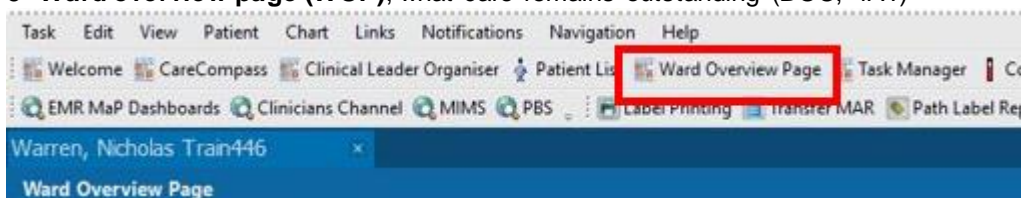

2 - Inpatient summary tab

Reason for visit (if not correct update iPM)	Lines, drains & tubes	Observations
Problems & alerts	FBC	Pain Ax
Procedural history (if surgical patient)	Lab results	

3 - R/V comp care plan via 'orders & referrals'

4 - Medication review via **MAR summary** – review medications prescribed, administered and next dose due

5- **Ward overview page (WOP)**, what care remains outstanding (BOC, 4AT)

6 - **Interactive view and fluid balance** - Document that handover has been completed
