# MEDICATION ADMINISTRATION

Medications should be administered via the Medication Administration Wizard (MAW) to support medication safety.

### The MAW displays:

- ▶ All medications due in the next 80 minutes
- ▶ Any overdue medications
- ▶ Any STAT medications
- ▶ All PRN medications

If you plan to give the medication at a later time:

- ▶ **Do Not** check the administration box;
- ▶ **Do Not** sign the medication as Not Given

Leave the medication **red** and sign when you administer later.

It is ok to be **red - red is a reminder.**

The Digital Health information site contains further details on the above, including resources, news and updates.
