

Accessing the EMR Bacchus Marsh and Melton Practice Environment

Digital Health
CONNECTING BEST CARE

Digital Health
Quick Reference Guide

Important – Contact your Super Users for access

To access the EMR Practice Environment, you must be within the Western Health network or using a Western Health device. You cannot access the EMR Practice Environment from home/offsite using a personal device.

You can use the role specific Username and Password provided to EMR Super Users in your area.

1. To access the EMR Practice Environment, open: <https://wheaau.cernerworkswan.com/Citrix/T2031web/>
2. Enter your own **Username** and **Password** – the login details you use to access your Western Health emails

User name:

Password:

Domain: WHCN

Log On

3. Select the application icon you wish to open.

Note: If you do not see any of the above EMR or FirstNet application icons after logging in, it means you do not have an EMR account created. Get your manager to log a ticket via service desk for access.

4. Once your selected application opens, the following login screen will open. Enter the role specific **Username** and **Password** from your EMR Super Users in your area.

! Important – The EMR Practice Environment contains test patients only.

The EMR Practice Environment is not linked to the EMR system that is used in everyday work and the patients in the practice environment are not real ones. Any information entered in the patient’s chart will be refreshed and removed each night. Please contact the EMR Learning & Development Team for any queries – WHS-EMRTrainers@wh.org.au.
